3. President's Corner

By Jim Gill

Reporting from the north woods of Wisconsin is not as easy as I thought it would be. I can tell that I am more than a little spoiled with technology. How different it is going three days in a row without internet and cell service. Provides uninterrupted fishing time especially out on Lake Superior (39 degree water) where I spent time catching Lake trout or on the Gill homestead catching brook trout.

The car show season was in full swing as my brother and I stumped the grounds of the Iola Car Show billed as the second largest in the country. Found needed parts and valuable information. Next is the Pierce Park show where many of my trophies originated. I also know a number of club members attended the Buick show in Brookfield last weekend. See later details of local shows attended by club members written by Annie and Denny.

Speaking for the members, I extend a speedy recovery to Sandra hopefully gaining full mobility after surgery. I also thank Rob and Barbara VanDewoestine for taking on the responsibility for this month's Ice Cream Social extending the tradition another year. Most important, enjoy the remainder of the summer season.

4. Donations to the Triangle Chapter

By Riley Riener

We thank the following club members for their donations:

- Jean Soehnlein - Six foot table, 10'X10' tent and a new creeper in the box for a raffle prize.
- Ben Johnson: New seat covers for the Take-Apart T.

- George Ashley: Low profile container to hold our banners for the sponsors.

The Chapter appreciates their gifts and support.

5. Editors' Notes

Editors: Annie Goldman and Denny Oestreich !

July is here and many members are off venturing around the world! We hope their travels involve going to car shows!

Article Deadlines:

The monthly newsletter is published a week before each meeting. Our meetings are on the 3rd Thursday each month (We do not meet in July or August, but we still publish a newsletter). The deadline for submitting an article is the 2nd Thursday each month. We love to get your articles. Some ideas:

- Tell us how about the newest car you just got.
- Tell about car shows you attended.
- Tell us about car related things you saw or did on vacation.
- Tell us about the most fun you ever had in your car.
- Include links to your pictures. Even in PDF you can click on links to pictures in the newsletter
- We especially enjoy pictures of your car projects. Please send or give your pictures and articles to Denny (OestreichD@AOL.com) or Annie at: anniesss@gmail.com.

7. Thoughts for Members

By Denny Oestreich

Please remember Triangle member Sandra Reiner who had an operation to remove a tumor. I have spoken to Riley and he indicated she is recovering well. Here is his update.

"I have very good news to report. Sandra had the tumor removed Monday, July 3. She was in ICU until late Friday afternoon. She is now in a "step-down room" which is less restrictive, but closely monitored. The pathology report came back benign. We were both relieved. She may have visitors. She is at the main Wake Med campus on New Bern Ave in room 5-B-34. The phone number is [\(919\) 350-3346](tel:919-350-3346). She will be moved to the in-house rehab unit early next week for 10 to 14 days. She is regaining hand, arm movement. Leg movement needs work. She cannot stand or walk at this time. The doctors believe it will be a full recovery.

Remember Lee McGregor in your thoughts and prayers as he is seriously ill in a care facility. Lee has been a long time member of the Triangle Chapter.

9. Triangle Chapter Meeting Notes May 18, 2017

By Dean Tryon

Action Items and Upcoming Events: *(details are in the newsletters)*

1. 7/16 - Ice cream social at the Reiner's at 2PM.
2. 9/17 - Summer picnic will be at Andrea Irby and Cecil Bozarth's house, 1-5PM.
3. 12/3 - Christmas party at the Stag Club in Raleigh.
4. Memorial Day 2018 – Bennett Place (historical site in Hillsborough) would like to have a few cars 1930 and older.

General discussion:

1. Jim Gill opened the meeting and introduced new member Mike Hess who just moved here from Calif. with (3) 1960's cars. Annie Goldman's mother Millie was also a guest.
2. Marv Gage reported that membership is up to 96 families and the treasury is in good shape with \$7670. Our show profit was \$2130.
3. Jean Soehnlein has sold her house and is moving to the Brier Creek area. As a result of her downsizing, she donated to the club a 10x10 tent, folding table and a creeper (raffle item).
4. Ben Johnson donated new upholstery for the take apart T. George Ashley also donated a box to store show banners.
5. Annie has extra show goody bags that need a storage place.
6. Several members mentioned the status of their restoration projects. Bob Gault (Corvette), Denny Oestreich (57 Chev) and Jim Gill (Ford). The former source of PPG paint off Wake Forest Rd (Carquest) is apparently out of business but Jim has found a source in Garner.
7. Cars for sale include:
 - a. 1950 Ford Club Coupe, 55,000 miles, located in Stem NC, \$19,500 OBO, see Ted Brooks for info or the owner's cell 919-397-2598.
 - b. 1996 Corvette, \$13,900, 62,000 miles, Ted Brooks has contact info
 - c. Riley knows of a 1925 T doctor's coupe and a 1931 Model A for sale.
8. The program was a discussion by Annie and Joel Goldman on their experience in Fredericksburg, VA with their club's 1926 Ford Take Apart T. Annie helped disassemble it, but then was judging for the assembly. They have a unique way of assembly but the census was that our procedures are preferable and safer. Interesting, though, to see a totally different approach.

10. Dean Tryon Receives Buick Award

By Denny Oestreich

Brookfield Wisconsin - On July 7, 2017 Dean Tryon received a recognition award from the Buick Heritage Alliance (BHA) at the Buick Club of America 2017 National Meet. Associated with the National Buick Club, the Buick Heritage Alliance collects, catalogues, compiles and disseminates information on the history of Buick and those who contributed to its development.

Keelin Tryon (granddaughter) Dean Tryon - Les Tryon, and Barry Tryon (son)

The award reads

BUICK HERITAGE ALLIANCE AWARD
presented to
DEAN TRYON
For significant contributions to the development of
Fuel delivery systems at Rochester Products division
and to 20 years devoted to the preservations of 1915-1918 Buicks
2017

Dean's son and granddaughter made a surprise visit to see him receive the award. In addition to the Awards Ceremony Dean and Les got to see the National Buick Meet with over 300 Buicks. Congratulations Dean.

11. Wake Forest Car Show – June 17, 2017

By Denny Oestreich and Annie Goldman

The Triangle Chapter participated in the Wake Forest Charity Car show with car entries and one Take-A-Part demo. Dean and Les Tryon were on the event planning team. Glen Andrews was the Chief Judge of the event. Jim Gill and Annie Goldman were one of the judging teams.

T
Henry and Tracy Burgwyn had a great location

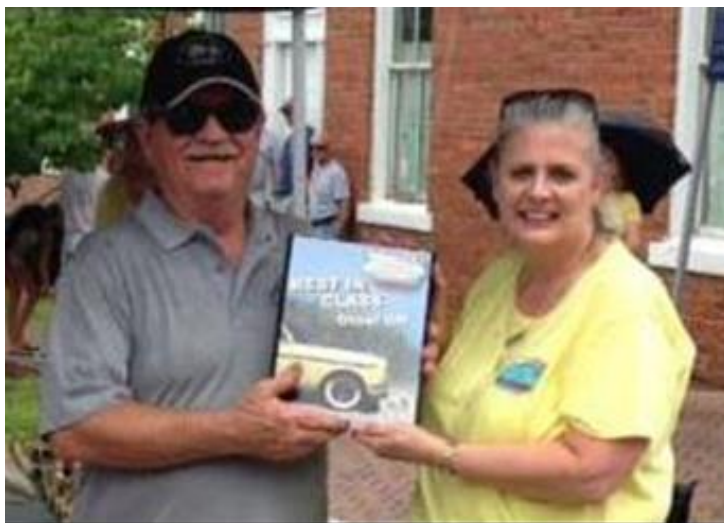

Carl and Linda Worstell's 66 Impala First NC show

The first Entrants were Dean and Les Tryon

John Gilliam's 1982 Monte Carlo

Warren Daniels Won Best of Show "Other GM"

Pat Allen's 1954 Packard "Lookin Cool"

Wake Forest had a great turnout of 209 vehicles judged. Triangle Members entering cars included Pat Allen, Warren Daniels, Floyd Barnes, Dan Fuccella, Jim Gill, Annie Goldman, Dean Tryon, Les Tryon, Carl and Linda Worstell, Henry and Tracey Burgwyn, and Denny Oestreich. Carl and Linda Worstell brought their 1966 Chevrolet for their first car show in NC.

The Take A-Par-T Demonstration Team did one show with a time of 7:06. There were plenty of Triangle members on hand to do an efficient demonstration.

For many of us the exciting part of the show was the ride home in a driving rain storm. It was a water leak test for our classics and the follow-up cleaning took some time.

12. Visiting Tommy Fitzgerald's Garage

By Denny Oestreich

On Sunday June 18, 2017 I joined another car club on a garage tour to see Tommy Fitzgerald's car, motorbike, and memorabilia collections. Tommy is a member of the

Triangle Chapter and many of us have been to the fall Car show he sponsors at the Percy Flowers Store in Johnston county. The

tour group of 24 vehicles gathered at the Walmart parking lot in Knightdale. The first stop on the tour was lunch at McLean's Restaurant in Zebulon.

After lunch we left the restaurant, and headed to Tommy Fitzgerald's. We turned down highway 96 for a 25 minute drive to Tommy's home near Selma, NC.

Tommy met the caravan in front of his house. Many of us parked on his lawn. When we had all arrived

Tommy introduced his wife Donna and gave us some background on his collections. There was a lot to see. Tommy invited us into one of his garages and told us about each of the five older vehicles in the collection. Tommy likes older original vehicles and drives all of them. His oldest vehicle is an open 1906 REO. He gave us some background on the REO and told us about how it runs with an 8 horsepower engine turning a maximum of 850 RPM. The Reo is a very original vehicle. His second vehicle is a 1914 Ford Model T brass era car. The car is also original including the rear seat floor mats, which do not appear to have ever been used. Tommy is partial to older Model Ts and owns three of them. The second Model T is a 1922 Runabout which was modified for racing long ago and still holds its original racing configuration. His third Model T is an all original 1925 Model T which he has converted to a truck configuration to advertise his store, the Percy Flowers Store. He suggested everyone should own a Model T sometime in their life. Tommy also has a 1910 Buick touring car that he uses on Horseless Carriage and AACA tours. This is a large open vehicle which has been used on several tours. In the same building as the older cars Tommy has a collection of low mileage original motor bikes and scooters. He enjoys collecting these because they cost less than the cars.

Tommy invited us into his second garage where he keeps a very special 32 Ford Roadster and a very new Corvette. He also has a music studio, a license plate collection, several petroleum signs, and other memorabilia collections all nicely displayed.

In a third garage he keeps a 1966 Corvair van and a BMW motor cycle with side car. Also in this area is a working garage where he does his maintenance and restoration work.

If you are invited, don't miss seeing Tommy's collection and don't miss the Percy Flowers car show Tommy sponsors in the fall.

13. The Case of the Missing Monte

By John & Mary Gilliam

The year was 1983 and we were living in my hometown, Burlington NC. I had bought my 1972 Monte Carlo in Melbourne, Florida and had moved back to North Carolina in 1975 where I was driving a service van for Johnson Controls. My wife Mary was also working and we were busy raising a family and enjoying suburbia USA. Like you, probably, back in those days, many times we didn't even lock our house.

One evening I came home from work and was asked by the wife, where is the Monte? I replied, "in the garage, I hope". It was gone and so was an extra set of keys I kept in our bedroom. I called the Sheriff and reported the car stolen and started calling around the neighborhood to see if anyone had seen the car. A Flame Orange car is hard to miss! One of the stay at home Moms told us she had seen it driven out of the development the last TWO days and assumed it was one of us. Later it came out that a teenager in the area had "borrowed" the car the day before and had put it back in the garage before we came home. He liked it so much, the second day he and two other kids took it for a long ride.

One of the kids wasn't in on the theft and had been told they were just going to the beach overnight. When the driver dumped my car in the woods and threw the keys away, this young kid called his dad to come get him. He showed his dad where my car was and the Kerr Beach police picked it up.

Needless to say, I had wondered if I'd ever see it again and was relieved that the only damage was a blown front tire, exhaust damage and transmission linkage torn up by stumps they had driven across trying to hide the car. The body and interior were still in great shape. Of course I had to have it brought back to Burlington on a rollback.

As it turned out the State prosecuted the boy and his parents had to pay restitution to repair the car. Since then, I have rebuilt the engine and transmission twice and had the car painted twice.

We are pleased that it has been awarded the NC Redbird, the national First Junior and First Senior, and in 2015 was nominated for a coveted national award. We still love to drive it and remember all the good times of raising a family in it. Thanks for this great forum where we can relive these stories.

Here's hoping that all your car experiences end as happily as ours.

All the best, John and Mary Gilliam

14. Other Car Show Reports

By Denny Oestreich

There were four other car events to report on this month.

Dunn Car Show. June 17

Henry and Tracy Burgwyn attended the Dunn Car show on June 18. This had been a bigger car show in past years. This year there were only 11 cars at the show. Low attendance was attributed to not enough advertising and other conflicting car events. However, everyone got one or more door prizes. Annie Goldman, Joel Goldman and Jim Gill were also at the show.

Raleigh Classic Auction June 22-23.

I attended the Raleigh Classic Auto Auction at the NC State Fairgrounds this year. I met several Triangle members at the auction. Annie Goldman was a driver again this time. She was trying to make sure every car she drove across the stage was sold. There were about 275 cars auctioned. On Friday there were not many buyers. On Saturday Larry Sayre negotiated an after sale purchase of a 1957 Mercury Turnpike Cruiser.

Car Display at Glenaire Retirement Community June 23, 2017

Don Cooper organizes a car display at the Glenaire retirement community every year. This year there were 20 vehicles on display. Glenaire always provides refreshments and lunch from their cafeteria. Triangle members attending were Ben Johnson, Larry Sayre, Gary and Susan Hunter, Dan Fuccella, and Denny Oestreich. Several regular Triangle attendees were on Horseless Carriage Club tour in south Carolina.

Ultimate Car Show June 24, 2014

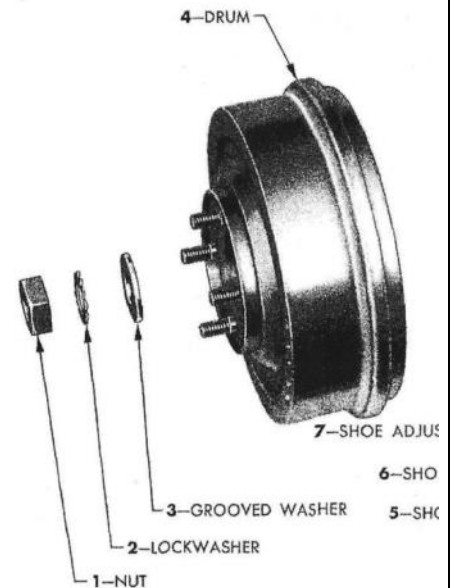

Henry Burgwyn entered the 2nd Annual Ultimate Car & Bike Show on Tarheel Club Road in East Raleigh. He reports there were about 75 cars entered.

15. Tool Wizard Contest

By Denny Oestreich

June Tool Challenge

June's Mystery tool is submitted by Mike Peterson. Attached are two images of the "mystery tool" Often a homemade tool will do the job of an expensive tool. The tool pictured was made from a 2x4 with a notch and two drilled holes. What do you think is the use of this tool?

Answer: This homemade tool takes the place of Miller tool C-784. It is used to hold the parking brake drum located on the rear of early Chrysler automatic transmissions while the nut attaching the drum to the transmission output shaft is removed. The drum will rotate with the nut without a holding tool for the drum.

July Tool Challenge

We have not been too successful with getting you to spring into action and answer the mystery tool questions. So this month we will give you a break and make it a little easier. What is the purpose of the tool shown below? Can you name the four parts it is used to configure? If you have answers to these questions, Email Denny at OestreichD@AOL.com
