Member Submitted Short-Story

By Dan Morton

My first "car" was a 1938 Indian (80 cu in) motorcycle. Three months later (in 1962) I traded for a 1961 Fiat 600 with a blown motor. After several others I got permission in 1970 from my dad to trade in his '65 Mustang I had been using toward a new Dodge Challenger convertible. It arrived at the dealer in Durham in February 1971. It is still my favorite car and is safe in my shed.

News From National

By Annie Goldman

Did you know?

The AACA Library has Trade-Marked:

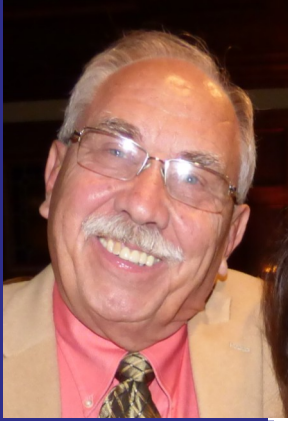

“America's Automotive Library”

If you've never been to the current location, you will be amazed at the extensive amount of information available to you, as an AACA member. The Librarians are quite amazing, knowledgeable and ready to help you!

I look forward to seeing what they will be able to do in the new building. 2019 is the target for Headquarters and the Library to move in. I don't know about you, but I can't wait!

President's Corner

By Jim Gill

You know how you dream and anticipate about something to happen and then reality sets in with dismay. That's right, things just did not go the way I intended when I decided it was time to start the "T" pickup. New switch arrived, installed and ready to go; nowhere. Fred and I checked and rechecked wiring, gas, compression, spark, to no avail. That stubborn "T" was not going to start. One positive note, it will give us something to do this week.

Last month I introduced the "Happy Cans" collection to start off our new year of meetings. Unfortunately, it resulted in limited success. I thank those that contributed. I viewed a TV ad that night looking for canned goods at the Salvation Army. Off they went the next morning. I contributed the limited success to the late announcement and minimal advertising. I will do better next time. As a result, our Board members decided to hold at least three more canned goods drive during

outings and hopefully you will hear about sooner, rather than later. I will give an overview of the Board meeting at our next meeting.

Now that our region's first of the year car show has come and gone, look for coverage in future newsletters. Speaking of car shows, our planned show is moving along at a good pace already and shortly we will be asking you all to sign up and participate. Keep in mind, this is your chapter car show so let's jump in and make it a success.

Our next meeting will be held at the Golden Corral on Glenwood Avenue starting at 6:00pm. Look forward to seeing you all there.

Triangle Newsletters

Editor: Annie Goldman

Welcome to your March, 2018 edition of the Triangle Chapter newsletter. If you see corrections or additions please let me know. Feel free to share stories, articles and various items about your cars or events and if you took pictures, send those over too!

What do you want to see in your newsletter? We've had some members submit some great articles and stories lately! What do you have to share?

Have ideas, suggestions, ideas? Let me know and let's work it out to make your newsletter more interesting each month!

Joe Parsons and his grandson worked together on his Speedster... Have you introduced your passion of cars to your granddaughter or grandson? Did they enjoy it? Tell me about it so we can tell others!

Triangle Chapter March 15, 2018 Meeting

By Dan Fuccella

When: Tuesday, March 15, 2018

6pm Dinner; 7pm Program

Where: Golden Corral

6129 Glenwood Rd, Raleigh

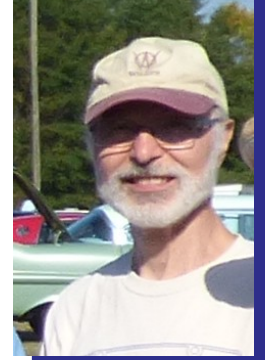

What: Antique and Specialty License Plates

Many of us in the Triangle Chapter and indeed in the automotive hobby as a whole, are sporting vintage license plates provided by our very own license plate collector and restoration expert Joe Ledford.

At our March Chapter Meeting, Joe, accompanied by his lovely wife Julie, will lead us in a discussion of his many years as a trusted restorer purveyor of antique and specialty license plates.

As an extra treat for us DIYers among us, Joel has promised to share with us a rare glimpse into the restoration process itself.

Please join us for this entertaining and informative discussion with our Chapters Master of the license plate.

Last Month's Meeting Notes

By Dean Tryon

Action Items and Upcoming Events:

1. 2/28 - Our Chapter Board meeting.
2. 3/23-24 – SE National Meet in Mobile AL. Mike Petersen and Annie Goldman are Asst. Judging Directors
3. 4/15 - Our annual Chili-Cookoff to be held at Joel Hoffman's new house.
4. 5/5 – our Annual Spring show at the same location (Triangle Town Center). Will be a judged local AACA show and an open show (non AACA classes, modifieds, etc).
5. 6/16 – Wake Forest Charity Car Show. We will do 1 "T" demo. Judges needed if you can help (see Dean)
6. 12/2 – Christmas Party, the Stag Club

General discussion:

1. Jim Gill opened the meeting promptly at 7 PM. Guests introduced: Dick and Judy (Jim Gill) and Stefan Cummings and Disa Gilbride (Annie Goldman).

2. Marv Gage reported: membership is at 88 families plus 2 students 1 Jr member. The treasury is at \$6,330.

3. 2018 Officers – Jim welcomed the new officers:
- a. President – Jim Gill
 - b. VP – Dan Fuccella
 - c. Secretary/Treasurer – Marv Gage
 - d. Directors: Glen Andrews, John Gerken and Bob Simpson

4. Dan Fuccella mentioned a few upcoming programs: Joe Ledford, license plate restorations, Carl Worstell on the VCCA and others in the continuing series of getting to know our fellow members.

5. Annie Goldman and Jim touched on highlights from the January Region meeting. Details are the Feb newsletter.

Last Month's Meeting Notes... con't

6. Jim talked about the AACA Annual meeting in Philadelphia in Jan. Denny Oestreich and Mike Petersen received a National award and Fred Harley, Jean Soehnlein, Annie Goldman received NC Region Awards and also one for our chapter for the Spring meet.

7. The AACA Museum is not affiliated with the main AACA (even though they kept the name). Our AACA is building a new headquarters and library on property close to the Oct Hershey Car Show and is raising money to modify the building. Multiply Chapter donations and one private donation of \$100,000 got it off to a good start.

8. Our May show is off to a good start. Jim has a prototype trophy started, the

registration forms are done, letters will go out to non-members who attended last year and Riley is soliciting ideas. One T-demo will be done.

9. The program was a presentation by 4 members describing significant parts or activities in their life. Les Tryon talked about her decorative painting hobby with a glass ball demo (and give away), Joe Parsons talked about growing up in a Studebaker family, Andrea Irby talked about her hobby with horses and its similarity to a car hobby and Mike Petersen talked about his early education, computer involvement and AACA judging. Very interesting to get to know a different side of people we have known for a long time.

Annual Chili Cook-Off

By Jean Soehnlein

It is time again to get out your fabulous Chili recipes and bring a crockpot full to our Annual Chili Cook-Off on Sunday, April 15th, 2018 at [Joel Hoffman's new home](#). His address is: 10125 Lake Wheeler Road, Fuquay Varina, NC 27526. It is on two acres of land with a large outbuilding and pond. His new home will have plenty of room plus two large porches. We will have a Social Time from 1:30 to 2:30 PM while the Chili is warming up. We need lots of Chili so we can taste and compare for the **Best Chili** and the **Hottest Chili**. There will also be prizes for the **Best Homemade Desert** and **Best Cornbread** and I have heard a few say they have a recipe that will challenge Peggy Barnes award winning Cornbread!!! The challenge is on! Come on out to Joel's new home and join everyone for some really, good Chili. His new home has plenty of room for parking the antique cars.

Please contact **Jean Soehnlein** by April 8th if you plan to come and will be bringing a pot

of Chili at **919-906-1771** or moosemail@bellsouth.net. By having a headcount, I can plan drinks, paper products, etc. Hopefully, it will be a beautiful day so you can drive your antique car to the event. There are no projects planned to do after we eat. Since our Triangle Chapter meet will be Saturday, May 5th, we may have some assignments to cover and other items not yet determined.

See you all on Saturday, April 15th.

Please Note: We will be holding another Food Drive! So bring non-perishable items - cans, boxes, no glass please!

A snapshot in time. Crockpots warming up the deliciousness that is Chili!

By Annie Goldman

Thank you to everyone for your updates and submissions to our 2018 Membership Directory. To date, only about 1/3 of the members replied—we'd love to hear from EVERYONE!

Even if you didn't make it into the 2018 Directory, still send me your information! I'll be glad to send out an addendum that you can print out and attach to the back of the book, but ready for the 2019 Directory.

What year did you join the Triangle Chapter?

What kind of cars you are interested in: Brand, make, body styles, engines, body work! Anything you'd like to share with other Chapter members.

Here's a couple short stories shared:

By Phil Gevertz

I got my first car in 1968 when I was 9. It was a 1946 Ford that didn't run that my dad gave me. When i was 11 in 1970, I bought a 1950 Chrysler Windsor for \$50. A year later I traded it for a 1955 Mercury Monterrey coupe. In high school I drove a 1969 Lincoln Continental. It was just 6 years old.

By John & Mary Gilliam

I recall, from my affiliation with another club, that many of us related faces to their cars. Mary and I were introduced to AACA through Marv Gage. I had met Marv at a car show where he mentioned he had purchased a classic car that the AC wasn't working properly. Since air conditioning was my profession for many years, I offered to take a look at his car. We got the AC fixed in my garage and when I refused his compensation he paid our first year AACA dues. That was 2014 I believe and we've been happy campers ever since.

Our car interest are mostly Chevy with first generation Monte Carlo being first love. We bought or 1972 Monte Carlo new and have loved ownership everyday.

Alternative Meeting Locations?

Over the years, theres been talk about finding a new location to hold our monthly meetings. At this point in time, we average about 47 members and guests each meeting! That's wonderful! But, we are just about ready to max out the room at Golden Corral.

Do you know of a restaurant that has the following to offer:

1. A room to hold approximately 60-75 people.
2. No extra charge to use this room.
3. A nice array of food choices.
4. Be within 5 miles from the current location.

Please send your ideas to Jim Gill:
jagpye@bellsouth.net

What's Your Idea?

The NC Transportation Museum has opened up a new beautiful building and is looking for ideas for a named themed display. The display will run in January and February of each year , starting in 2019, and will feature NC Region vehicles of a particular type.

Ideas mentioned:

- Muscle Cars
- Automotive Workhorses
- Farm to Table

Do you have an idea for a themed car display?

Please send your ideas to Jim Gill:
jagpye@bellsouth.net

By Annie Goldman

After being a member of the AACA since 2014, I finally attended my first Annual Meeting in Philly. However, since the Eagles won the Super Bowl—beating the Patriots!! - I didn't know what to expect in the realm of people. Fortunately, most people had already left by the time I got there at 8am Friday, February 9.

I flew in early Friday and went straight to my first seminar, "Region & Chapter Leadership, Training & Development." This seminar was held by a few members and also Colby Martin from SEMA, who spoke about the need to contact our legislatures regarding changes in laws for our classics and antique cars. You can sign up to receive updates to our state by going to www.SEMASan.com. I signed up and I encourage you to also! We want to protect this hobby we love so much and need to help make sure laws aren't passed that will keep us from doing what we love.

Another big topic was getting young people interested in the hobby! A few members talked about their success with doing displays with the Boy Scouts and Girl Scouts and bringing a couple of cars to display and talk about. Some Chapters even help them get their Mechanics Merit badge!

Has anyone thought of participating in a Slot Car racing event? I hadn't, but what better place to display a few cars than at an event which features the most primal of vehicles! Do you know of one in the area? Let us know!

This Halloween, how about we set up a Trunk-or-Treat? I've done this before and it's a load of fun! Don't know what it is? Well, you get a group of cars together in a parking lot and have them parked with the trunk or pickup bed pointed into the middle of the lot. You decorate your vehicle and hand out candy to the kids! It's a fun and

safe event for everyone!

The next Seminar I attended was American Racing Cars 1895-1953. I wanted to attend this class as I've never had the opportunity to see the racecars being evaluated at a national event because it's usually on a Friday and I'm either doing something, on a tour, or just not at the event location.

I learned that these cars are Certified Only. They use original parts or parts from their era—just like a show car. They must be presented as in their particular time and date and the era must be defined. In other words, you can't show a 1935 race car with 1982 parts. "Fake" cars are not allowed, meaning, you can't "make-up" a race car. They have to be a car that was established and raced and have documentation to show this.

The vehicle must be certified by AACA Committee before it can go to a National Event. To do so, a form must be filled out and sent in with two photos of the vehicle.

If a car is damaged in an accident or fire, the chassis MUST be used on the rebuilt vehicle. You can't take parts off of the original car, junk the chassis and put a new chassis on the new vehicle as there is the chance that someone can take that junk chassis, rebuild it and show it as the same vehicle. This goes back to "you can't have a "fake" vehicle". The original chassis must be kept by you. The theory is "body parts and engines changed all the time in race cars, but the chassis stayed the same."

Once the race car is Certified by the Committee, the Field Judges can then see it on the show field. However, the Team Captain can question if there are noticeable changes to the vehicle from when it was Certified. And he/she will talk to the owner and call in the Chief Judge. Everything on the vehicle must be documents. However, "Road Rash" is ok.

After a boxed lunch, I attended the “Publications” seminar. I wanted to learn more about what other Chapters and Regions are doing to make their Newsletters amazing and also about the Review Process to receive a National Award!

What the Review Team looks for is an interesting newsletter, that contains information about the club, it’s members, an extensive calendar, some great articles, contact information for Officers, lots of great photos and captions.

I learned about how diligent I must be when putting any articles and photos in our newsletter that weren’t provided to me by the author or photographer! (Last month, I put a great photo of an old truck with “Caption This!” as the quote—I can’t do that again unless I have permission from the photographer/owner of the image. It seems that some Chapters have been sued by using an image that wasn’t theirs!! I never want us to get into any trouble, so I will be quite diligent from now on. But if you have an old photo from your family, please send it to me for future use!

With the changes I’ve made to our newsletter in 2018, I hope to comply and be active in the Review Process and maybe, just maybe, receive a National Award!

I then attended the “Webmaster’s Forum” seminar. Again, I wanted to see what’s being discussed, what’s required by National to receive a National Award (Which our own Denny Oestreich won three awards in 2017!!)

They look at how interesting the website is, how much current information is shared, and how easy it is to navigate.

After a brief rest in my room, I was honored to attend the Region & Chapters President’s Dinner with Jim Gill Friday night. Approximately 180 members were in attendance and the dinner/meeting was opened by 2017 AACA National President, Tom Cox.

Lars Anderson, AACA VP of Library and research Center, talked about the library, moving into the new building and the help they need to get things completed in the current library. Lars asked for members to come volunteer for even one day! So if you’re in the Hershey area, stop into Headquarters and see any of the librarians and offer your help!

Lars opened the microphone to allow Presidents and/or representatives to come to the stage, introduce themselves and make a donation to the Library and the new building fund! Almost \$50,000 was donated!!! The next day, one family made a \$100,000 donation alone!!

2018 AACA National President, Chuck Crane was introduced. Chuck and his wife have recently moved to western North Carolina, so hopefully we’ll get a chance to see him in Charlotte, at the National Meet or even at the NC Region Spring meet!

On Saturday, the real work and learning began! I took Judge’s school first thing in the morning and received a beautiful Judging Chip! There were no CJE’s offered, but I had been invited by Roger Irland, 2017 VP of Judging, to attend the Chief Judge’s Seminar. I will be working alongside our own Mike Petersen as Assistant Chief judge of the 2018 Winter Meet in Alabama and I needed to learn how the system works, duties and responsibilities that we will be in charge of. I’m really looking forward to putting this new knowledge to the test in the next few weeks and while in Mobile AL in March.

Lastly, I attended the AACA General Membership Meeting where the financial side of the club was discussed. The one thing that stands out the most to me is that we are very fortunate to be able to move Headquarters into the new building, located on the AACA Fall meet in Hershey. And that the club has over \$5 million in assets and is completely debt free! This blew me out of the water! I’m so proud to be a part of this club.

This was projected on the wall of the hotel all week-end!

82nd AACA Annual Meeting—Philadelphia PA... Continued

Some of the Chapter and Region banners hung around the hotel.

The entrance to the Trade Show and the registration table. On this floor, the AACA had a nice breakfast laid out each morning and fresh pretzels in the afternoon!

One area of the Trade Show.

By Joe Parsons

On a beautiful Friday, my 16 year old grandson Ryan came to help me remove a section of the grille to have it re-plated as the chrome was turning yellow in one area... it was a deduction at Hilton Head Concours.

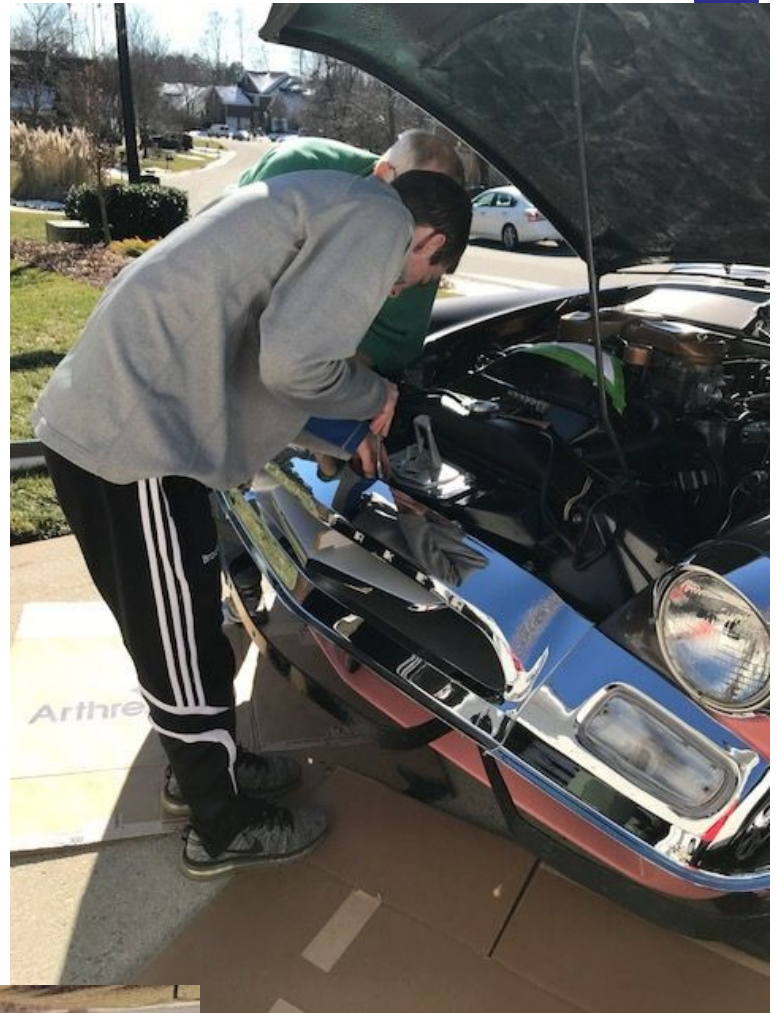

Ryan just loves working on cars and he is always working on the golf cart his dad bought him, as he is a great golfer and already has 3 hole-in-ones at Preston Wood Country Club.

The removal of the side piece grille entailed removing the bumper, fog lights, horn and center grille... lots of bolts to remove, at least 20 plus!

Ryan removed a bolt and told me it had a piece broken on its end. I gave him a lesson telling him the factory cast the grille with holes and then they used a self-taping bolt to make its own threads thus the little piece on the end is made that way.

I told him that someday all my tools will be his... now he wants to drive the Speedster and once we install the grille and other parts I will let him drive it... around the block only!

Note: The grille end has been sent for chrome plating for a second time.

Editor's Note: Thanks Joe! It's wonderful to see "young-ins" working on classic cars! Keep up the good work!

By John Allread, NC Region Vice President
(Taken from the NC Region Website)

When: Saturday, April 21, 2018

Where: Pittsboro, NC. Located on Business 64 between Cary and Siler City, NC and NC 15/501 between Chapel Hill and Sanford, NC.

What's to see and do.

- We will gather in Pittsboro, NC between 10:30 and 11:00 AM in the parking area on Salisbury St., located around the corner from the S&T Soda shop on Hillsboro St.
- Here we will meet up with members of the AACA Oakland/ Pontiac non-geographical club who will be on their World-wide Spring Tour.
- From there we can tour Pittsboro's local shops including antiques, musical instruments, wine shops, toys, clothing and coffee shops.
- There are numerous eating establishments. "Virlies Grill" is available for brunch and the S&T Soda shop offers hamburgers, hot dogs and such.
- After brunch, or lunch, we will meet at the Soda Shop for ice cream and tour of the old Ice Cream Parlor upstairs.
- The PBS series [The Wood Wright Shop] has a training store located next to the soda shop with an antique wood working tool store on the second floor. Great place for wood workers to visit and maybe purchase a much needed or desired tool.
- The Starrlight Mead Brewery is located at 480 Hillsboro Street where they offer an alcoholic brew made from honey and available for purchase.
- Around 2:30, the Oakland/ Pontiac Group will head for Silk Hope, NC for a tour of the Farm Heritage Center. Those attending the NC Region Cruise-in are welcome to follow along, if you so desire. This promises to be a fun Cruise-in and a great time to meet fellow Antique Car enthusiasts.

See you there!

The 2017 NC Region Cruise-in brought us to the Whirligig park in Wilson.

NC Region Spring Meet

When: Saturday, April 28, 2018

Where: Petty's Garage, 311 Branson Mill Rd, Randleman NC 27317

Make sure you register for the NC Region Spring Meet by April 21, 2017 to take part in this event. Located at Petty's Garage, there is lots to see and do! Along with our fabulous cars, the museum and the shop will be open to event attendees at no cost.

NORTH CAROLINA REGION SPRING MEET
