PRESIDENTS MESSAGE

By Jill Gill

My how time flies when you have multiple family visits from the frozen north all in the same month. Respite for one month and more to follow the next month. We have a lot going on this month as well to keep us entertained, Pro Bowl, Super Bowl, Busch Dash, Daytona 500, Pebble Beach golf, and closer to home our car club meeting and club Board meeting, ACC basketball, and Hurricane's hockey. I mention the last two because they effect our club meeting dates. Dan has secured dates at the Backyard Bistro for the remaining club meetings through June. Dates change as the venue becomes available and listed later in the newsletter.

As far as car work, I haven't heard too much. Jim Aldridge did manage to remove the torsion bars from his 1970 Charger allowing him to complete the front suspension restoration. I have removed and revarnished the T pickup bed and ready for installation.

Fred and I are going to do a complete four cylinder magneto analysis on my coupe as it only runs on two cylinders in mag mode. Can't even make my cull-da-sac incline to get home on two cylinders.

Should be fun as one must pull engine/trans out to install new magneto coils and magnets.

Keep me posted on your adventures of restoration. Speaking of ventures, our first region car show will be held in Wilmington in March. See details later.

See you all at the Backyard Bistro, lets try and duplicate or improve on lasts months number of 44 guests.

EDITOR'S OBSERVATIONS AND NOTES RANDY'S RANTS

By Randy N Robertson

1. I am working on this newsletter on a dreary Sunday morning, with ground hog day behind us and a reminder that Winter is not over. Well I am finishing this the following Monday and weather is improving .
2. Still getting my feet wet with the Publisher software, the jury is still out if I will continue its use.
3. I am still waiting on the NCDMV to send me my title to the 53' and any forward progress is on hold while a clear some other priorities.
4. I just returned from a trip to visit my Mother and celebrate her 94th birthday. All my sisters and brother made it home and it is a reminder that attitude is everything. My mother is always ready to go and embarrassingly has a busier social calendar then me.
5. Don't forget to answer Denny's challenge and Randy's name that movie quote.
6. As always, thanks for the responses, suggestions, pictures and articles.
6. Please contact me with anything you want published. rnewr2017@gmail.com

ACKNOWLEDGMENTS & ANNOUNCEMENTS

As reported by Jim Gill

The Triangle Chapter Board of Directors held it's first 2023 meeting on February 19th from 1:15 to 3:15—306 Millsford Hill Place

Minutes of the meeting unavailable at press time.

A few highlights though:

Chili Cookoff at Joel Hoffman's on April 23, 2023

Ice Cream Social at Tom & Debbie Pruett's on July 30, 2023

Christmas Party at The Stag Club on December 3, 2023

As reported by Dan Fuccella

The Backyard Bistro has confirmed the Chapters reservations through June 2023 meetings. March 12, April 23, May 28, June 25.

As reported by Courtney Johnston

Courtney is organizing a "Road Trip " to the House in the Horseshoe in Sanford NC on February 25th, 2023 See details attached.

As reported by Randy N Robertson

We have been contacted by Ray Bader with the Goodguy's Car show. The event takes place on April 21st to 23rd, 2023.

They are offering to allow us to be the "Feature Local Club" at the event.

Registration is free for all 3 days and for as many as cars as we like.

Reserved parking area adjacent to the entrance.

Photo recognition in the Goodguy's Magazine.

Our cars would not be eligible for judging.

Seems like good advertising for the Club and our upcoming Regional Car Show.

There will need to be up or down vote at our February 26th meeting.

FYI, I will be on vacation February 6-17 and not able to read or respond to any emails to me during that time.

Information per Courtney:

"It's a small Revolutionary War site.

It's interesting because it tells about the vicious neighbor-on-neighbor warfare between David Fanning's Torys and local Patriot militia around Chatham County. They have a battle reenactment on July 29. Maybe we could go back then?

They are open 9-5 Tue-Sat.

Recommend having the TBC/Car Clubs meet there Saturday February 25th.

For those looking to travel as a group to HitH, Raleigh area members could meet at Millpond Village, around 9:00 AM.

It's only 2-3 mi to US 1 S from there. HitH is 45 miles away. It will take us about an hour to get there.

Everyone meet at HitH ~10:00 AM

2 hrs. for the site, then lunch or early dinner at a nearby restaurant, (details to follow) and back home. From locations south and east of Sanford, you'll want to meet us at the site."

TRIANGLE CHAPTER MEETING NOTES

AACA Meeting Notes 01-22-23

Action Items -- These items need your response if you are interested. More details in the newsletter.

1. Our first meeting at the Backyard Bistro was successful. Note that future meetings may NOT necessarily be on the 3rd Sunday and could move around.
2. **AACA membership renewals are due.** Ken Powell prefers you pay him directly for National, Region and Triangle Chapter (\$70) and he will distribute to National and the Region for you.
3. 5/20/23 – **NC Region** Meet in Cary. More info below.
4. 12/3/23 – **Christmas party.** Jean Soehnlein has reserved the Stag Club again.

Meeting Agenda Items:

1. The meeting was attended by over 44 people at the **Backyard Bistro** in N Raleigh. Great turn out, great food and a private room that holds up to 60. Everyone was pleased and we will use it again. Dan will select dates available.
2. Ken Powell reported the **membership** is at 83 families and the **treasury** is at \$8400. But many have not paid for this year yet. You must be a member to participate in the 5/20 Region show in Cary.
3. Jim Gill reported on Region activities.
 - a. Lifetime free NC Region memberships are available for members over 65 with 15 years of active service in the Region. You have to apply to receive it.
 - b. Distribution of the Region News has gone down from 900 to 550 in recent years.
4. Jim also thanked outgoing Board members – Mike Hess, John DiPietro, Tom Pruitt, Brian Wingler and George Ashley. And a big THANK YOU to Dan Fuccella for leading the club thru Mike Hess' recovery.
5. Randy Robertson reported on the newsletter. He has just converted to Publisher software. Please send articles, photos, etc.
6. Helen DiPietro is heading up the 2023 NC Region meet on **May 20** that will be in conjunction with our local meet and the Cary Wheels on Academy. Her report included:
 - a. Sponsorships – 4 levels have been established at \$150, \$250, \$500 and \$2500. Each level has increasing PR and other benefits.
 - b. Trophies – Jim Gill is designing and building trophies again this year.
 - c. Helen is trying to get sponsors for T shirts and hats
 - d. Take A part T – Riley Reiner. One show is planned. More volunteers are needed and training will be established. No experience necessary.
 - e. All of us can help with finding sponsors.
 - f. More details are in the newsletter.
7. Region scholarships are available and not always used. They are available to family members of active AACA members.
8. Dan led a series of reports from the various committees on goals for this year. Some of the key areas include:
 - a. The web site has undergone several server changes and costs are increasing.
 - b. Our Facebook support needs another person to help. Maybe we need to reevaluate the need and cost vs benefits of these 2 items.
 - c. The Social committee has the years activities planned.
 - d. The Programs committee can always use suggestions.
9. The program was an interesting scavenger hunt (at your table) led by Kimberly Hess.

Carburetors Sessions go National !

Dean and Ted's Excellent Adventure

As reported by Ted Brooks

This past Friday, my carburetor friend Dean and I presented his "Carburetors 101" seminar at the Antique Automobile Club of America's annual convention in Williamsburg, VA. I would say it was a success.

There were roughly 400 people registered for the convention (including those with convention-related responsibilities, who had limited time to attend sessions). There were 5 other seminars going on at the same time as ours. We had close to 50 people, so I'd say that was pretty good for a topic as geeky as carburetors.

We were scheduled for 11:00-12:00. The previous session ended at 10:30, and lunch was 12:15-2:15. We started setting up our display shortly after 10:30. We had about 15 carburetors on display, representing all 5 post-WW II carburetor manufacturers. We had multiple Rochester and Carter carbs, as well as Holley, Motorcraft, and Stromberg. Dean even brought a Marvel updraft carb from the 1920s.

Dean introduced himself and did the first half of the seminar. I then did the second half. I finished right at 11:50, leaving 10 minutes for questions and answers.

Did I say 10 minutes? We didn't take the last question until 35 minutes later - 10 minutes into lunch time. Because I was at the podium when we opened the Q&A, I ended up fielding the majority of the questions.

My wife helped me set up and pack up. A number of people came up to her - some she knew, some she didn't - and told her how much they enjoyed the seminar.

Among the interesting questions and comments:

A guy relayed the story of experiencing carburetor icing in his 1948 Chevrolet on a cool, humid day.

Another guy asked if the "BB" in Carter BBD stood for the check balls in the accelerator pump circuit. I told him, no - it stands for "Ball and Ball" - for a carb design originated by the Ball and Ball carburetor company, which Carter bought out.

One guy asked the best place to buy a carb float for a Model A Ford. Our local club's Model A guru attended our seminar, so I pointed him out and said, "talk to him - he knows all the vendors".

One guy I think was trying to "stump the presenters" and asked if we planned to discuss the Marvel updraft carburetor of the 1910s and 1920s. As Dean gave a quick overview of how it worked, I walked to the end of the display table, held up the Marvel, and said with a grin, "You mean one of these?".

Dean mentioned the carb book we've been working on (Dean writes, I review and edit). One of the guys walked up as we finished, saying *please* publish this book.

Name that movie quote Anyone ? Anyone?

A deeper dive into our WEBSITE

Triangle Chapter Web Site.

By Denny Oestreich

The Triangle Chapter has a website which I maintain: <https://triangleaaca.org>. It contains information about the Triangle Chapter activities. I update the site about once a week. It has been in existence since 2012. Have you looked at our website recently to see if you are in any of the pictures or articles?

The website provides a search location for anyone looking for a car club in the Raleigh area. You can search for Triangle Chapter, Raleigh AACA, Raleigh Car clubs, etc. and our website should come up. I am a listed contact for visitors. I get requests each month for information which I forward to someone in our club who can answer.

Here are some of the things you can find on our website.

- Contacts for our club officers.
- Our monthly meeting places, dates, times, and programs.
- Our club events list so visitors and members can see what we are doing.
- Registration forms for car shows.
- Applications for membership.
- A link to our Facebook page.
- Links to AACA, NC Region, other Chapters' websites and Facebook pages.
- Our newsletters, both current and past.
- Interesting pictures and stories of our past events.

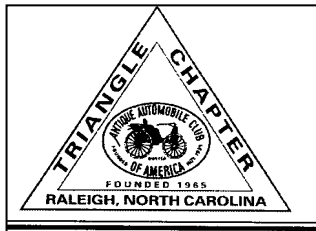

The website is a volunteer effort which I enjoy providing as it keeps my programming skills in practice. There have been 1,940,500 plus views of the articles on our website. Several new members have found us by contacting me. Our website does not have any commercials or ads. If you know of any additional information that you would like or corrections, please let me know.

As a challenge can you search our website and tell me who was wearing sunglasses in the 2014 Reiner's Ice Cream Social pictures? If you find the person in past events and can identify them, send me an

TIP OF THE MONTH

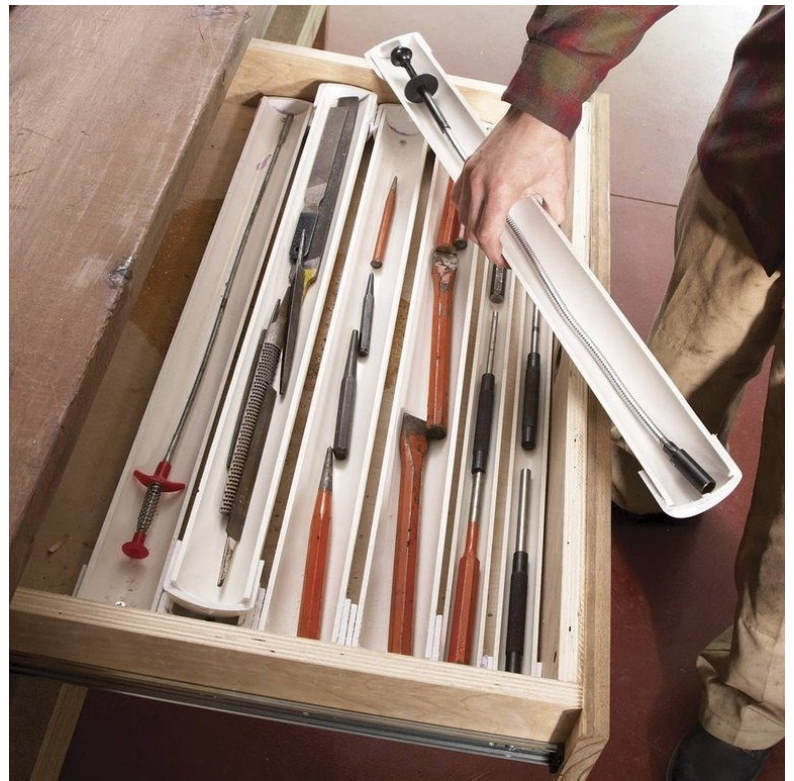

*PIPES CAN BE CUT WITH A
TABLE SAW IF BAND SAW
NOT HANDY*

We can all use a little help around the garage or shop!

Here is another opportunity to get your name in print.

Send me those tips!

PVC drawer organizers

When you're right in the middle of a project, you don't need to waste time pawing through drawers looking for tools. So use this handy setup to keep your tools neatly arranged in your workbench drawer.

Cut 1- or 2-in. PVC pipe to length. Glue on end caps and slice each pipe in half on a band saw. Screw them to the drawer bottoms and load them up!
